

COMPANY EVENTS BUILD-A-KEYBOARD

Looking to do something impactful for your next team-building or gifting event?
Build community by building keyboards with the first event of its kind, hosted by Mkro and manufactured by Infinikey. Our team helps customize and deliver a bespoke and branded experience for teams around the world, an event that has become a go-to favorite for companies including Google, Meta, and more.

Combine productivity, ergonomics, and brand awareness with the most important daily tool.

HOW IT WORKS

(Process)

STEP 1

Consultation

Schedule a call with us so we can explore your goals and options with you.

STEP 2

Design

Our team will develop the designs and provide concept images to you for approval.

STEP 3

Production

Once approved, we'll take care of the manufacturing and in 4-5 months*, everyone on your team will have a DIY event package in hand.

STEP 4

The Big Event

We'll host an online or in-person (New York) event and within 60 minutes, every participant (regardless of experience level) will walk away with a high quality, ergonomic, and branded keyboard that they will make use of everyday.

And that's it! We handle every step from design to fulfillment so that you can focus on having a memorable event with your team and company.
